PROUTY A PROGRESSIVE

Will Serve as Their Candidate for Senator—State Convention Next Month.

A meeting of progressives from all parts of Vermont was held in Burlington Monday evening. The political situation was discussed as regards the party's candidates for United States senator and an overwhelming majority of the 35 men present declared in favor of C. A. Prouty of Newport.

The meeting was informed by Dr. H. Nelson Jackson and later by Mr. Prouty that at an interview held at Oyster Bay with Colonel Roosevelt, the colonel stated that he would endorse Mr. Prouty as a candidate for United States senator from Vermont.

Mr. Prouty appeared before the meeting and declared his position. He will run as an independent and will accept the nomination of the Progressive party for the Senate. He further stated that he had been asked a nomination from the Republican party and had answered no. A large number of questions were asked him and he answered to the satisfaction of those present.

At a meeting of the state executive committee which followed, the resignation of M. L. Aseltine as state chairman was accepted and Dr. H. Nelson Jackson of Burlington was

elected in his stead. The following resolution was unanimously adopted: "Being informed that the Governor does not intend to call a special session of the Legislature in time to enact a primary law for use at the coming election, and providing that he does not call said special session, the executive committee is hereby directed to call a delegate state convention according to law for the nomination of a candidate for United States senator and candidates for all state officers."

The convention will probably be held in Burlington the coming month. Professor Raymond McFarland of Middlebury College was in attendance at the meeting last evening and announced his candidacy for member of Congress from the first district.
